

Summing up Month 9.

By the end of Month 9, you would know:

1. The future tense conjugations in both P.P. and A.P.
2. The study and the construction of sentences in the Passive voice.
3. Passive voice sentence constructions in both the Present tense and the Imperative mood..

Much as our list seems rather tiny, we have studied a very important area in Sanskrit Grammar. As you move over the next few weeks, you will see what i mean. Please do get in touch with us if ever you feel the need to clarify a learning point.
